

# Erasmus+ in BRNO

## THE ITINERARY

Teramo | Rome | Vienna | Brno | Prague

First things off:  
let's meet the  
students!

# HELLO, I'M JAKUB SIKORA

## ABOUT ME

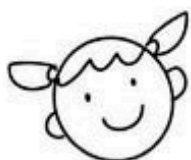

I'm 18, I live in Brno in a fairly new family house. I live there with my parents, my 16 years old brother and our **three cats** 🐾. I'm interested in math and physics and I work as a software developer at a local company (bit of a nerd ig, not too much tho)

## HOBBIES

I'm sorta all over the place.. I love volleyball, we play the highest youth competition in Czechia. I also enjoy climbing, mountain hiking and bouldering. Additionally, I like to sing and I play proly every kind of guitar known to men 🎸

Appreciate this empty space, I've genuinely got nothing to put here

### About me

I live in the Brno-Líšeň district, which is located about 30 minutes by tram from the centre. I'm currently studying the 7th year of a school called Gymnázium Šlapanice and I mostly enjoy studying languages, literature, biology and geometry. I aim to study architecture or interior design at a university, and I'd love to pursue that as my career one day. I live with my parents, younger brother (17) and a cat in a pretty spacious apartment, where you'd have your own room.

### My hobbies

I'd ideally spend my day with a coffee and a book in my hand - I do spend the majority of my free time with my bf or my friends on coffee dates and walks. I also love to bake - mostly cakes, cupcakes and macaroons. Other hobbies of mine are listening to music (my favs are Stray Kids, Chase Atlantic and The Neighbourhood), reading romance books and drawing, which I'm currently trying to improve at. I also aspire to travel a lot - for this summer I got accepted for an activity leader position at a language camp on Malta, which I'm really excited about!

I love to discover new cultures and meet new people. I'm really grateful to be a part of this amazing opportunity and I'm excited for this new experience. I can't wait to get to meet you!

Hello! I'm  
**VÁCLAV  
DANĚK**

Age: 18 years old

## ABOUT ME

I live with my parents and my younger sister in a small village near Brno. We have a dog - golden retriever called Oskar. I enjoy doing sports, especially football. In my free time I also like to play video games, watch a film or spend time with my friends.

**MY HOBBY**

**OUR DOG**

Hi guys! My name is

**NELA KAMENÍKOVÁ**

## About me

My name is Nela and I am eighteen years old. Currently, I am in the 7th grade (equivalent of the 3rd year of high school) at Gymnázium Šlapanice. I live in Brno, which is the second biggest city of the Czech Republic. My school is located about 20 minutes by bus from my house. I live with my mother and her partner, as my parents are divorced. I also have an older brother, but he is almost 30 years old and lives on his own now. The last member of our household is our dog. Her name is Jenny and she is really friendly and always up for some playtime..

## My hobbies

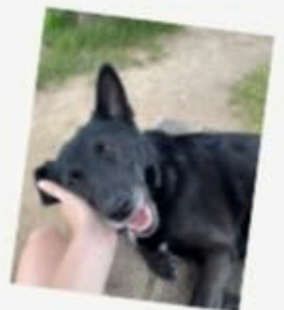

I am really into spending time in nature, hiking, camping etc. I am a member of Pioneer group (something similar like scout), where I lead children. We have meetings every week, we go on trips during the year and in summer we go on a two-weeks long camp. Other hobbies of mine are listening to music (I am a swiftie through and through), playing guitar, traveling, spending time with my friends and reading books (I am interested in many genres).

I am glad that I can be a part of this "project". I really look forward to this remarkable experience and to meet all of you.

ALL ABOUT ME

## Who am I?

My name is Irene, I am from Teramo, an Italian city, I am seventeen years old and I live with my mother, her partner, my brother Giuseppe and my little sister Giada.

I'm in fourth class of high school, which in Italian is called 'Liceo Scientifico'. In the last four years of school I have mainly studied scientific subjects but my passion is photography, which I would like to study at university.

## My hobbies

In my freetime I always listen to music while I draw or bake some sweets. My favourite cookies to bake are the American Cookies because there are so many chocolate chips in them. I also hang out with my friends in the city centre.

## Fun fact

I always wear different socks because many colours make me happy.

I'm really happy to make this experience because it's my first time on a plane and I'm also excited to have some of my friends on this trip with me. I can't wait to get to know you!

## About me

I live in Teramo, a small and quiet town where it is pleasant to live. My house is located slightly on the outskirts, 6/7 minutes by car from the center but also reachable by public transport. My mother Melania, my father Giustino and my two sisters Arianna, 15 and Alessia, 8, live with me. I like playing volleyball and I am part of a team in my city, it is called "Virtus Teramo". Other hobbies of mine are reading psychological or romantic themed books, drawing and listening to music. I love taking walks and being in contact with nature because it gives me serenity. As above mentioned, I am in the fourth year of scientific high school and studying is not a burden for me but rather makes me curious to discover new things, my favorite subjects are philosophy, science and mathematics.

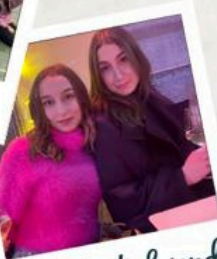

I love you!

# PUNKVA CAVES

## A GEOLOGICAL MARVEL

The Punkva Caves are a karst generated by the Punkva river flowing beneath the ground

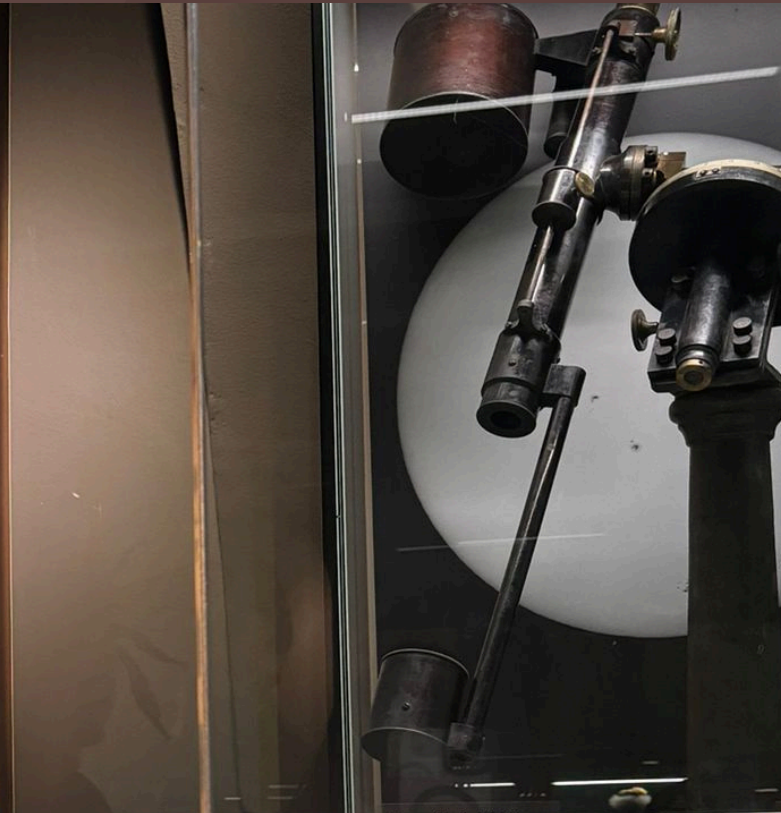

We received a tour of this marvel, as well as a boat ride in the underground river

AN ALL-ROUNDED GENIUS

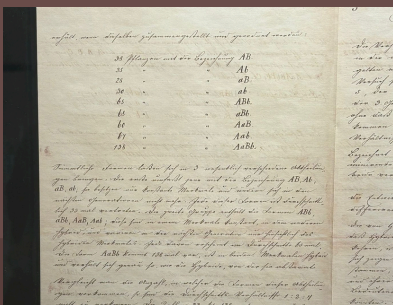

# Mendel's Museum

The Father of Genetics

## #1 – An interactive museum

Mendel's Museum has a lot of interactive displays for children and adults.

## #2 – Mendel's original studies

Did you know that Mendel's work was not only related to genetics, but also to beekeeping, breeding, and meteorology?

## #3 – The laws of genetics

We got to see in first person the experiments that Mendel carried out, as well the result of his discoveries in today's science.
